**Subject:** RE: Weekly Reports

OK, let me know where they are headed after you talk to the Region.

I would note that in the weekly report itself, **Deliberative Process / Ex. 5**

1. **ROSEMONT (AZ) COPPER MINE: (FYI) next Tuesday, April 18 in Phoenix, EPA will join the US Forest Service and the Corps of Engineers to discuss water quality and other issues related to the proposed Rosemont copper mine, which we have reviewed under NEPA and CWA. The Forest Service will issue its Record of Decision in May, the Corps its CWA 404 decision some time thereafter. CEQ has been coordinating the multi-agency engagement. I attach a one-page briefing paper and will update Ken W, OW and OECA when EPA decision time nears.**

Larry,

In follow-up to our conversation on Rosemont Mine (R9); **Deliberative Process / Ex. 5**  
**Deliberative Process / Ex. 5** If true, since water quality/404 permit concerns appear to be R9's leading issue, **Deliberative Process / Ex. 5**

## Deliberative Process / Ex. 5

# Deliberative Process / Ex. 5

It seems to us that it would be far better for R9 to recommend the specific mitigation (or other desired outcomes) that they would find acceptable, perhaps in the form of options to present (staffed via OW and OECA) to the political team/Administrator.

R9's local meetings are taking place today; we plan to press them shortly thereafter for their game plan
